Correction to "A Computational Investigation of the Neon-Like Germanium Collisionally-Pumped Laser Considering the Effect of Prepulses"

S. B. Healy, G. F. Cairns, C. L. S. Lewis, G. J. Pert, and J. A. Plowes

In the above paper,¹ the printed Fig. 2 is composed of two diagrams. It should only consist of one. The first should be Fig. 2 and the second should be Fig. 3. In the printed Fig. 3, there are also two diagrams. The first should be Fig. 4 and the second should be Fig. 5. Figs. 4–8 should be Figs. 6–10. The printed paper had two extra figures. Figs. 9 and 10 are the two extra figures printed as doubles (Fig. 9 is a double of Fig. 8 and Fig. 10 is a double of Fig. 7).

Manuscript received November 20, 1995.
