Sixth Data
Communications Symposium — 1979

Pacific Grove, California   Tutorial   November 26, 1979
Asilomar Conference Grounds   Conference   November 27–29, 1979

Sponsored by:
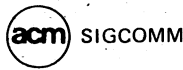

acm SIGCOMM	IEEE COMPUTER SOCIETY TC-COMPUTER COMMUNICATIONS	IEEE COMMUNICATIONS SOCIETY (Technical Committee on Data Communications Systems)

Advance Registration* Form

Make checks payable to:

6th Data Communications Symposium
c/o K. J. Thurber
Registration Chairman
Sperry Univac, U2U19
P.O. Box 3525
St. Paul, MN 55165
(612) 456-2885 or 456-3806

Name _____

Address _____

_____

Affiliation _____

Telephone _____

Registration fees enclosed totaling

$ _____ **for items checked below.**

	Advance* Registration	On-Site Registration
Tutorial		
ACM-IEEE Member	☐ $60	☐ $60
Non-Member	☐ $70	☐ $70
Student	No Student Rate	
Symposium (Does not include tutorial)		
ACM-IEEE Member	☐ $95	☐ $120
Non-Member	☐ $120	☐ $145
Student	☐ $25	☐ $30

Food & Lodging (American Plan)

Single On-Site   ☐ $121
Shared (2-4) On-Site   ☐ $106
Shared Off-Site   ☐ $147
☐ I want to share a room with: _____

**In order to be assured of lodging,
advance registration is necessary**

Air service into Monterey is limited.

☐ Desire details of Limo Service

* Registration before November 9, 1979

Advanced Program Summary

Panel Sessions:

1) "Future Directions in Network Services"
 Moderator: W. Chou, Director of Computer Studies, N. C. State University
 Panelists: I. Frisch, Sr. Vice-President, General Manager, Network Analysis Corp.
 P. Jackson, President, International Council on Computer
     Communications
 L. Pouzin, Director of Pilot Projects, IRIA
 L. Roberts, Chairman of the Board, Telenet
 K. Uncapher, Director, USC-Information Sciences Institute

2) "Electronic Fund Transfer"
 Moderator: H. Hershkowitz, Vice-President, Chase Manhattan Bank

3) "New Data Network Services in Europe"
 Moderator: R. Feldman, Head of Marketing Development for New Data Service,
       Post Office Telecommunications

4) "Military Data Networks: Present Plans and Future Requirements"
 Moderator: F. Kuo, Professor, University of Hawaii at Manoa

Paper Sessions:

1) "Office Automation and Electronic Messages"
 Chairman: D. Farber
2) "Communication Based Data Bases and Information Accessing"
 Chairman: W. Chu
3) "Network Interface and Interconnection"
 Chairman: L. Pouzin
4) "Data, Voice, FAX Integration"
 Chairman: K. Kummerle
5) "Local Networks"
 Chairman: R. Pickholtz
6) "Design and Analysis"
 Chairman: L. Kleinrock
7) "Protocols, Routing and Flow Control"
 Chairman: M. Schwartz

Tutorial:

1) "Data Security in Networks"
 Donald Davies, Head of Computing Technology Unit, National Physical Laboratory
2) "Impact of VLSI on Data Communication Systems" (Tentative: Nov. 30th)

Keynote Speaker:

R. Kahn, Chief Scientist, Information Techniques Project Office, Advanced
Research Projects Agency

Conference Overview

The Sixth Data Communications Symposium and Tutorial
will be held this year in one of the most scenic locations in
North America. In addition to a very promising technical
schedule and informal presentations by equipment manu-
facturers, there are exciting opportunities to tour, to shop
and to relax. This symposium includes participants from
the leading universities, research institutes, and industry.
The symposium is located at the ocean's edge on the
beautiful Monterey Peninsula. Four airlines serve Mont-
erey: United, PSA, Hughes Airwest, and Air California.
There are direct flights from San Francisco, Los Angeles,
Oakland, San Jose, and Orange County.
