

IEEE INDUSTRY APPLICATIONS SOCIETY

The Industry Applications Society is an organization of IEEE members whose principal interest is in the application of electricity to the service of industry, transportation, commerce, and the home by the selection, design, installation, operation, and maintenance of electrical systems, equipment, and devices for safe, reliable, and economical performance; and by the development of engineering standards and recommended practices in this field. All members of the IEEE are eligible for membership in the Society and will receive this TRANSACTIONS upon payment of the annual Society membership fee of \$7.00. For information on joining, write to the IEEE at the address below.
