

IEEE COMMUNICATIONS SOCIETY

The field of interest of the Communications Society consists of all telecommunications, including telephony, telegraphy, facsimile, and point-to-point television, by electromagnetic propagation, including radio; wire; aerial; underground, coaxial, and submarine cables; waveguides, communication satellites, and lasers; in marine aeronautical, space, and fixed station services; repeaters, radio relaying, signal storage, and regeneration; telecommunication error detection and correction; multiplexing and carrier techniques; communication switching systems; data communications; and communication theory. All members of the IEEE are eligible for membership in the Society upon payment of the annual Society membership fee of \$35.00. Members may receive this publication upon payment of an additional \$30.00, or \$15.00 if purchased in conjunction with the following publications: IEEE Transactions on Communications, IEEE Journal on Selected Areas in Communications, IEEE/ACM Transactions on Networking. For information on joining, write to the IEEE at the address below. Member copies of Transactions/Journals are for personal use only.
