

Correction to ‘BER Analysis of Threshold Digital Relaying Schemes over Log-Normal Fading Channels’

Gaofeng Pan, Eylem Ekici, *Member, IEEE*, and Quanyuan Feng, *Senior Member, IEEE*

In the paper referenced in [1], Eq. 16 on p. 732 was incorrect. The corrected equation is below:

$$\Gamma = \sum_{n=0}^{N_{T_1}} \varphi(n) y(\alpha_r, \beta_r, n) \operatorname{erfc} \left(\alpha_r \ln \gamma_t - \beta_r - \frac{n}{2\alpha_r} \right). \quad (16)$$
