

## Information for Authors

All material to be considered for publication in the *IEEE Transactions on Aerospace and Electronic Systems* should be submitted in triplicate, typed double-spaced on one side of the manuscript page, directly to the appropriate Editor. An abstract of 75 words or less, clearly indicating the purpose and content of the paper, must be included as a portion of the paper. (Correspondence items require an abstract of 50 words or less.) Illustrations of each paper will be reduced to 3-3/8 inches in width—take this into account when preparing them, and make the lettering large enough. Illustrations must be black-on-white originals or photocopies, or glossy photographs. Include biographies and photographs of all authors if possible. Material not complying with these requirements is subject to delay and will necessitate further correspondence with you. "Information for IEEE Authors" is available on request from the IEEE Editorial Department, 345 East 47 Street, New York, N.Y. 10017.

### Voluntary Page Charges

After a manuscript has been accepted for publication, the author's company or institution will be requested to pay a voluntary charge of \$60 per printed page to cover part of the cost of publication. Page charges for this *IEEE Transactions*, like those for journals of other professional societies, are not obligatory nor is their payment a prerequisite for publication. The author will receive 100 free reprints without covers if the charge is honored. Detailed instructions will accompany the proofs.
