

IEEE Power Engineering Society 2004 General Meeting

6 – 10 June
Denver, Colorado USA

You're invited to Denver, Colorado in 2004 for the Power Engineering Society General Meeting! Prepare for an extensive program featuring technical sessions and a variety of workshops covering the key issues facing the electrical power industry.

The IEEE Power Engineering Society (PES) 2004 meeting will be held at the Adam's Mark Hotel from 6 – 10 June 2004. This power engineering conference will bring together practicing power engineering engineers and academics from around the world. The aim of the conference is to provide, share and discuss various issues and developments in the field of electrical power engineering.

The theme of the meeting is "Is it easy being green?"

TECHNICAL PROGRAM

- Track 1: Active Load Participation and Its Impact on Markets
- Track 2: Environmental Dimensions
- Track 3: Integration of Dispersed Generation
- Track 4: Sustainability and Global Climate Change

More information on the 2004 General Meeting is available on the PES Web site, <http://www.ieee.org/power>

The Adam's Mark, the meeting's host hotel, is located in the heart of downtown Denver on the 16th Street Mall. The Adam's Mark is adjacent to Denver Pavilions, a trendy new outdoor mall. A free mall shuttle provides convenient access to LODO, the historic Lower Downtown area with an abundance of restaurants, shopping and Coors Field.

Denver 2004, the place setting the pace for the power industry! Visit the Denver Metro Convention and Visitor Bureau, <http://www.denver.org>
