## INFORMATION FOR AUTHORS

The IEEE TRANSACTIONS ON MAGNETICS is published 12 times per year. Submitted manuscripts should be in areas of science and technology related to the basic physics of magnetism, magnetic materials, applied magnetism, and magnetic devices.

The submission of a manuscript to the IEEE TRANSACTIONS ON MAGNETICS implies that it has not been copyrighted or published and that it has not been submitted or accepted for publication elsewhere. All manuscripts considered for publication are subject to peer review and the established technical and editorial standards of the TRANSACTIONS. The IEEE TRANSACTIONS ON MAGNETICS strongly discourages courtesy authorship. It is the obligation of the authors to cite relevant prior work. IEEE's plagiarism guidelines are available at [http://www.ieee.org/publications\\_standards/publications/rights/](http://www.ieee.org/publications_standards/publications/rights/)

The TRANSACTIONS is available electronically on IEEE Xplore, <http://ieeexplore.ieee.org/>

The IEEE TRANSACTIONS ON MAGNETICS publishes articles in the following five categories:

- 1) *Classics in Magnetism*—re-publications of articles that represent important landmarks in the development of magnetism.
- 2) *Advances in Magnetism*—technical articles providing critical reviews of current topics by noted experts.
- 3) *Contributed Papers*—unsolicited technical articles of archival values, typically less than 15 printed pages in length.
- 4) *Communications*—short technical articles of archival value, limited to a maximum of four printed pages in length. Communications are not intended to report preliminary work.
- 5) *Selected Conference Papers*—technical articles of archival value in connection with certain magnetism related conferences. Authors submitting papers in this category must follow specific instructions provided by special conference guest editors and send their manuscripts directly to those editors.

### Procedure for Submitting a Contributed Article

An IEEE style guide, Information for Authors, and other author tools are available at [http://www.ieee.org/publications\\_standards/publications/authors/authors\\_journals.html](http://www.ieee.org/publications_standards/publications/authors/authors_journals.html). For detailed instructions on the preparation of papers, scroll down to "Word Template for Transactions on Magnetism" and download either TRANSMAG.DOC or TRANSMAG.PDF.

All manuscripts should be submitted electronically on Manuscript Central, <http://mc.manuscriptcentral.com/transmag-ieee>. Authors encountering problems should contact [transmag@ieee.org](mailto:transmag@ieee.org).

### Author Names in Native Languages

IEEE supports the publication of Chinese, Japanese, and Korean (CJK) author names (including non-Latin languages) in the native language alongside the English versions of the names in the author list of an article. Chinese authors may use either Simplified or Traditional characters. Authors must provide the native language name in unicode characters to be displayed in the byline of the article, in parentheses, after the English version of the name. For more information, please visit the IEEE Author Digital Tool Box at the following URL: [http://www.ieee.org/publications\\_standards/publications/authors/auth\\_names\\_native\\_lang.pdf](http://www.ieee.org/publications_standards/publications/authors/auth_names_native_lang.pdf)

### Graphical Abstract

This journal accepts graphical abstracts and they must be peer reviewed. For more information about graphical abstracts and their specifications, please visit the following link: [http://www.ieee.org/publications\\_standards/publications/graphical\\_abstract.pdf](http://www.ieee.org/publications_standards/publications/graphical_abstract.pdf).

### Open Access

This publication is a hybrid open-access journal. For a fee of \$1750, authors have the option of making their articles freely available under open access. Details are available at <http://mc.manuscriptcentral.com/transmag-ieee>.

### Page Charges

IEEE TRANSACTIONS ON MAGNETICS does not solicit page charges. Authors may order reprints; detailed instructions will accompany the galley proof. Color printing of figures is available for a minimum fee of \$1200 per manuscript; for a precise quote, please contact the Transactions/Journals Department at [trans@ieee.org](mailto:trans@ieee.org). There is no charge for color figures in the electronic version.

### Copyright

It is the policy of the IEEE to own the copyright to the technical contributions it publishes on behalf of the interests of the IEEE, its authors, and their employers, and to facilitate the appropriate reuse of this material by others. To comply with the U.S. Copyright Law, authors are required to sign an IEEE Copyright Form before publication. This form, a copy of which appears at [http://www.ieee.org/publications\\_standards/publications/rights/](http://www.ieee.org/publications_standards/publications/rights/), returns to authors and their employers full rights to reuse their material for their own purposes. Authors will be required to file a copyright form electronically when their paper is submitted for publication.
