

Comments and Corrections

Corrections to “Degradation of Superconducting Nb/NbN Films by Atmospheric Oxidation”

M. David Henry, *Member, IEEE*, Steve Wolfley, Travis Young, Todd Monson, Charles J. Pearce, Rupert Lewis, Blythe Clark, Lyle Brunke, and Nancy Missert

Fig. 9 in [1] was incorrectly shown as a duplicate of Fig. 10. Instead, Fig. 9 should display superconductive temperature dependent resistance and temperature dependent magnetization.
