Turkey is known as the country connecting the East to the West through Anatolia. Home to many diverse cultures, religions, empires and civilizations, Anatolia has an immense historical background to offer including one of the first settlements ever in human history and some of the world's most known cities such as Istanbul. Situated in the middle of three continents, Anatolia has always been a hub for cultural interaction, dating back to as early as 24th century BC. Surrounded by the Black Sea, the Aegean Sea and the Mediterranean Sea, the Anatolia Peninsula is home to varying climates enabling vegetation and therefore human settlements.
